- Reading and ever learning
- Golfing

Why are you interested in serving on the HBA Board of Directors?

Since joining the HBA of Greater Lansing in 2005, my business and I have been constantly blessed by the association, programs and other members. Although my blessings have come from what was and is, my hope is to give back and while doing so, help create blessings and opportunities for what is to be for existing and future members, for the recipients of the member offerings and the community as a whole.

I desire to have our membership be recognized as the true professionals of the home building, remodeling and the associated businesses of our community and that membership will be considered a privilege to those who want to join. I sincerely appreciate your consideration of me for the position of Board Member of the Home Builders Association of Greater Lansing.

Thank You.
